INSTRUCTIONS FOR HANGING PORCH CURTAIN

1. Hang curtain by putting screw eyes through eyelets at top of curtain
2. On next to last eyelets on each end of curtain, put screw eyes through both glass ring clip and eyelets No. 1 and 2.
3. Insert wood pole in bottom hem of curtain.
4. Fasten cleat (K) to post or wall at a convenient place with wood screw.
5. Tie rope to shank (not through hole) of screw eye farthest from cleat. (Point 1, Fig. 1). Lead rope down one side of curtain, around pole, back up other side of curtain, as shown in Fig. 1, then through glass ring 1. Take end of rope across top of curtain, through glass ring 2, and loop around cleat. Then lead rope back through glass ring 2, down one side of curtain, around pole and back up other side, to tie to shank of screw eye 2.
